Year one of COURSE-SPECIFIC E3 training is available for 24 different subjects in math, science, English, social studies and computer science for grades 6 - 10 (11 in math). E3 curricular materials are aligned to the Alabama Courses of Study. The outcome of the E3 training experience is deeper content knowledge with an emphasis on research-based instructional practices. The registration fee is $850/registrant, unless covered by other funding opportunities.

*Information on additional satellite trainings for math and computer science on reverse page.
