Preliminary Data

NCRCs Earned by Level

NAEP 2023-2024

NAEP- The National Assessment of Educational Progress (NAEP) was administered between January 29, 2024 and March 8, 2024.

- There were about 219 schools that participated.
- The 2023-2024 State results are anticipated to be released in Winter 2025.

NAEP 2024-2025

Long-Term Trend assessment (LTT ages 9, 13, & 17)

- NAEP long-term trend assessments measure student performance in mathematics and reading, and allows the performance of today's students to be compared with students since the early 1970's.
- The NAEP long-term trend assessment will be administered via paper to 13-year-olds in three windows:
 - October 7- December 13, 2024 (Age 13)
 - January 6 – March 14, 2025 (Age 9)
 - March 17- May 23, 2025 (Age 17)
- Alabama has **22** schools selected to participate in this assessment.
- No scores for the state, district, school or students.
- Results will be released for the nation.

▪ NAEP 2025 Field Test

- A total of **131** Schools in Alabama were selected to participate in the Field Test.
 - The assessment will take place January 27- March 7, 2025.
 - Results from the Field Test will not be released but will inform future NAEP assessments.
-
